I guess I'll see you later, sweet manipulator

And how I thank you dearly, for helping me see clearly

Yes sir, no sir, let me go

Sir I don't even want to know

Sir I've had all that I can take today

But I found out so long ago

It don't matter if it shows

And it's up in the air tonight

Yes it's up in the air tonight

Now you're anticipating, that nostalgia's waiting

With your social statement, boxed up in the basement

Yes ma'am, no ma'am, let me go ma'am

I don't even give a damn

Ma'am I suppose I'll stand another day

I booked my flight despite my plans

I hope this flight it never lands

And it's up in the air tonight

Yes it's up in the air tonight

Cause i've got all night

To lie here on the floor, I got all night

Just like the night before, so make it soon

And I guess I'll see you later

I guess I'll see you later, I guess I'll see you later

I guess I'll see you later, we're so up in the air tonight
