See the light it's everywhere
Day or night it's in the air
In a smile or in a sound
Love is there it's all around

Let the passion take you on
Coming on to you so strong
Feel the fever getting high
Find your way up to the sky

Ready for love now
Ready for your love
Feeling alive
Diving into my life
Ready for love now
Ready for your love
Feeling alive
Feeling free to let go tonight

Chorus:
Out of control
Getting all so crazy, getting
So in love
My heart is set on fire, I'm burning
With desire
Tonight's the night I get to fly higher
Higher
Out of control
Getting all so crazy, getting
So in love
My heart is running wild, I'm feeling
So alive
I feel that I can make it to the sky
Way up high

Feel the wind and find a way
To let go and fly away
Free your mind and lose control
Cross the line to reach your soul

Let the passion take you on
Coming on to you so strong

Feel the fever getting high
Find your way up to the sky

Chorus
