Ksimeroni, ma ti nihta, ego pali den kimithika
Tin skeftomun, fantazomun, oti fevgi ke fovithika
To mialo mu, to oniro mu, kathe vradi afti to monopoli
To roloi mu, san kitazo, tha fonazo, giati ma giati argi

To koritsi ekino pu agapo ke svino
San to vlepo, ap' ekso ap' to spiti mu
Kathe mera pernai ma san mu hamogelai
I anasa kollai, gia ekino, gia ekino

Irhte I ora, na miliso ke na mathi pos esthanome
Stin kardia mu, tha diavasi, pos horis ekini hanome
Den anteho, na mu lei, mia kalimera, den mu arki
To roloi mu to kitazo ke fonazo giati ma gaiti argi

To koritsi ekino... x2

St' astra kano mia efhi
Ston Theo mia prosefhi
Na mu pi pos theli na maste mazi
To koritsi ekino pia, mu 'hi allaksi ti zoi

Ksimeroni ma ti nihta pali den eho kimithi
To roloi mu to kitazo ke fonazo giati ma giati argi
