voice in my head  
and... of it  
i know they're waiting for me  
out of the window  
i'll jump  
maybe i'll crash  
maybe  
where i'm going ?  
where i'm from ?  
and a yellow tricycle  
the nights have been looking for  
for a way back home  
the things that i'm going through  
the fear just to talk to you  
the friends i don't understand  
and you  
like a nail in my hand  
you don't know  
the lies that i took for truth  
the day is running after you  
my heart is beating fast  
if only a moment could last  
the nights that i spent with you  
it don't remember  
do you ?  
the pain that will never end  
cause you're like a nail in my hand  
you don't know  
for you  
making all blue  
for you  
it's all new  
it's all new  
for you  
making all blue  
my yellow tricycle  
you're two broken wings  
run  
and run  
and run  
down

my yellow tricycle  
you make the world all blue  
for you  
making all blue  
voice in my head  
and... .. of it  
i know they're waiting for me  
out of the window  
maybe i'll jump  
and you will rescue maybe  
my only friend  
my only you  
maybe you will rescue me  
making all blue  
for you
