(Intro)

I put my trust in God, I don't put my trust in man
Niggas will lie, steal, kill you
Do whatever, you know what I'm sayin?
This my movie, I'm the director
I know I might tell yall something and yall might listen
to this shit
But mane, that motherfuckin Kalio project ain't nothing
to play with
From my hood to yo hood
Real shit my nigga

(Verse)

I'm in the project, got 2 gwaps
Young niggas run up on me talkin that woo wop
My nigga on the ground, laying in a pud of blood
Next day niggas layin in a pud of mud
I don't gamble but if nigga gotta take a chance
Messed up under the house, nigga hit the gas
Dirty gang bang bang niggas don't play
I'm from the hood, niggas die every other day
Murderin shit motherfucker, ain't no politics
I'm from the streets where young niggas they'll kill ya

And if you trappin motherfuckers they'll fuck yo bitch
Kill your boy and ride once you're lookin for this shit
Dirty game, motherfuckers like to gang bang
I'm from the streets where niggas let they nuts hang
Don't change motherfucker niggas gang bang
Lil niggas run around like Superman

(Hook x2)

Bang bang, mother fucker, nigga bang bang!
From the hood where niggas sell dope and gang bang
