I'm smoking and I'm drinking shit you know that's

I see you watching me and yeah she the baddest
I get her to the crib, shit I'ma let her have it

(Hook)

All I wanna do is just smoke drink and fuck

Uh I got a lot of money drink a whole lot of liquor
Like a whole lot of women now a whole lot of niggas
Stack of money in my right, a bottle in my left
And ya ain't gotta feel me bitch I'm feeling myself
Eye yella red and I'm smoking that cush
I'm the chairman of the label but I'm not George Bush
Call me Obama if my girls that left Bahamas
Red haired like Rihanna and I fuck her like Madonna

Pop a skill and no drama, you know I'm not the sponsor
But find me in the club with the heat, I'm like a monster
In the Louie V mob nigga that's my clique
No limit forever and we in this bitch

(Bridge)

(Verse)

Hey I'm in the club two bitches in the double cup
Holla who wanna fuck the night
On the flow, holding rubbers up
I got so many bottles and bitches by the bundles
Don't make em eat the ham, I'm tryna touch they
chochas
Get some red bottoms, Louie red jacket
White and yellow diamonds looking like egg salad
When I say she a flippin but I mix er with gymnastic
Make that bitch get nasty, like I'm her baby daddy

Smoking drinking fucking

Man you bout it, or you blocking up
Tell that bitch I'm a playa, now that's the end of
discussion
Remy O, GM rubbers, I fuck em good I'mma love em
Bitch checkin my skatin duck and can't trust em, it's all
nothing nigga

Run on the nigga hinges and all I do is lean
Smoke drank and fuck, real niggas know what I mean
Take her to the telly, say she feel it in her belly
The way that ass shake man I swear it must be jelly
Cuz yall don't shake like that, man I swear I'm ballin
She show me them titties like Mardi Gras in New
Orleans
Man them bros callin, they know I'm getting rich
But I never been a trick, you gon get nothing but some
dick

(Bridge)
