I don't have a problem, why don't you come to me ?
I don't have a problem, do you believe in me ?
I don't have a problem, but always say please
I don't have a problem, now get down on your knees

I don't have a problem, with les valseuses
I don't have a problem, do you, do you ?

Mesdames et Messieurs, Fumer interdit
Les valseuses du facteur, Mesdames et Messieurs
"Votres" bagages s'il vous plait, J'ai le cafard comme
tu vois
La boulangerie se trouve tout droit
La maison est jolie, L'oiseau chant avec les doigts trois
fois
Ecoutez, le chat s'est assis sur le tapis
Merci, now down on your knees
And always say please

I don't have a problem, Why don't you come to me ?
I don't have a problem
