[Verse 1]

First up, ya boy born K-R
Imma light show, 'cause I poor Lasers
Never really had a shot, but I stay sharp
Just livin' in the clouds imma take stars
New money for the new kicks, heal flip
I aint fake so I'm all for that real s**t
Once I get a contract, imma seal it
Believin' imma make it, I can feel it
I'm hopin' big money and some big cars
Lil n***a right here with some big balls
This a new game, start it with a tip off
F**k the time, there aint enouph to get me ticked off
Tell them m*****r f*****s with no D**k to piss off
Freshest artist in the game, 'bout to lift off
