I don't understand how we drift so far away
I keep on holding on but your hands are feeling so
numb

Nobody told me that there would be days like these
I'm falling baby can't you see
And you're in no hurry to keep me from coming undone
Take a look at what we've become

Where do we go from here? I don't wanna disappear
Our hearts are on parade, so you can watch them fade

I don't understand how the worst of times get stuck in
your mind
I'd like to take away all the stupid things that we say

Nobody told me that there would be days like these
I'm falling baby can't you see
But you're in no hurry to keep me from coming undone
Take a look at what we've become

Where do we go from here? I don't wanna disappear
Our hearts are on parade, so you can watch them fade

Nobody told me that there would be days like these
But you're in no hurry to keep me from coming undone
Take a look at what we've become

Where do we go from here? I don't wanna disappear
Yea where do we go from here?
Our hearts are on parade, so you can watch them fade
Our hearts are on parade, so you can watch them fade
