Hey kids slow it down
Whisper like a sound
And I can't understand

If you play, I'll play dead
With the creatures in my head
What's a boy to do?

Hide the lies between the bloodshot eyes
Keep it close to me
I'll never let it show

You got your army but they're my spies
Keep it like a secret man
I just cant let it go
Let it go

A simple twist of fate
A little give and take
You do the best you can

So hide out for a while
Annorexic smile
I'm your biggest friend

Hide the lies between the bloodshot eyes
Keep it close to me
I'll never let it show
You got your army but they're my spies
Keep it like a secret man
I just cant let it go
Let it go

I don't know how you love
With that smile on your face
It's all take and no give
You're an amazing disgrace

I don't know how you love
With that smile on your face
It's all take and no give
You're an amazing disgrace

Hide the lies between the bloodshot eyes
Keep it close to me
I'll never let it show

You got your army but they're my spies
Keep it like a secret man
I just cant let it go
Let it go
