I can't believe I hung around with you
All this time
You drove me crazy with your ocd
Girl your out of your mind
I'm counting on ufo's to beam me up
I just don't know
How long I can take this shit
I'm over it girl you gotta go

It's over were over
Just like in crimson and clover
Were sinking and I'm thinking
How the hell did we get so stupid
It's the end ex girlfriend
I don't care what you think of me now
So long your gone
This is the break up song

One more thing before you go
Would you please give me my records back
My bloody valentine, the pixies, cheap trick and back in
black
You can keep the dog we bought
But you can't go near the standard bar
Don't hang around

Don't call my friends
They wont know who you are

Its over we're over
Just like in crimson and clover
Were sinking and I'm thinking
How the hell did we get so stupid
It's the end ex girlfriend
I don't care what you think of me now
So long your gone
This is the break up song

So long your gone
This is the break up song

Its over we're over

Just like in crimson and clover
Were sinking and Iâ€™m thinking
How the hell did we get so stupid
Itâ€™s the end ex girlfriend
I donâ€™t care what you think of me now
So long your gone
This is the break up song

So long your gone
This is the break up song [x3]

THIS IS THE BREAKUP SONG
