I wish we could go back  
To the beginning  
'Cause there's somethin' missing  
From your eyes.

We lost a lifetime  
When I disappeared,  
Now I am comin'  
Back to you.

I wish I could fly,  
I know I can save us somehow.  
You thought you were safe and sound  
But you need a hero now.  
You gotta believe  
Even with broken wings,  
I've come to your rescue and you can't rescue me.

Summer's the season  
But you're cold and freezin',  
If there's a reason,  
It's a lie.

When did I lose you,  
I need you to pull through,  
The weight of the world never felt so alive.  
I wish I could fly,  
I know I can save us somehow.  
You thought you were safe and sound  
But you need a hero now.  
You gotta believe  
Even with broken wings,  
I've come to your rescue and you can't rescue me.

Wish I could fly,  
I know I can save us somehow.  
You thought you were safe and sound  
But you need a hero now.  
You gotta believe  
Even with broken wings

I wish I could fly,

I know I can save us somehow.  
You thought you were safe and sound  
But you need a hero now.  
You gotta believe  
Even with broken wings,  
I've come to your rescue and you can't rescue me.

I've come to your rescue and you can't rescue me (2x)
