Show the world and your masses  
Blood of the butchered you have slain  
Behold, the coming end of reason  
Death is a better way of life

Throw yourself at the mercy of the dead who seek  
revange  
When blood is seen in haven  
God knows his creature's gone insaine

Find no shelter from their wrath  
Hate will lead you underground  
Mark of glory - quiet maind  
Brain dead leaders, out of line

Throw yourself at the mercy of the dead who seek  
revange  
When blood is seen in haven  
God knows his creature's gone insaine

You heed the words of the demented  
Used as puppets in thier play of lies, hate and  
destruction  
True dark ages abomination
