Drop your Gods and your primitive religion  
Worship our land  
Practice diminished  
Slaves of the free world  
Man made hunger  
Bile and vulgar  
Kneel

Brave new world  
In the shadow of your mysterious death  
Slave new world  
In the shadow of your mysterious death

Dead man standing  
Old man on his knees  
Ragged glory  
Evil breeds  
Strapped by the angels  
Freed by hate  
Murder spree

Drop your Gods and your primitive religion  
Worship our land  
Practice diminished  
Slaves of the free world  
Man made hunger  
Bile and vulgar  
Kneel

Brave new world  
In the shadow of your mysterious death  
Slave new world  
In the shadow of your mysterious death
