My life is fading,  
All that's left are memories.  
Vestige from the past.  
A fire-storm of fear.  
I'm shadow of a man.  
One foot in the grave.

I remember times of chaos.  
A fire-storm of fear.  
Nothing can escape  
From mortality.

Man begins to feed on Man.  
Wanted by demons of the past.  
I remember times of chaos.  
A fire-storm of fear.  
Nothing can escape  
From mortality.

The leaders talk and talk.  
But nothing can escape the avalanche.

Fire-storm of fear.
