It's not religion though I pray  
Every minute of the day  
Second to no one

A voice that shock my body  
You sing and girls go naughty  
I wanna be like you Johnny

Without a thought I'd kill my friends (to be like Johnny)  
I wouldn't care If I could stop pretend (to be like Johnny)  
Second to no one

My songs are weak and sleazy  
I give it a try, but it sounds so cheesy  
You make it look so easy!

That attitude, I want it so bad

I'm so pathetic when I try (to look like Johnny)  
My mother says I'll never know what it's like  
(to be you Johnny)  
Second to no one

I want a taste of Johnny  
I wanna sing I wanna speed I wanna breathe like you  
Johnny  
I wanna be like Johnny!
