Oldfield

You and I living life the way we always dreamed
The hours, the nights, the joining of our hands
Is our pledge to the world as woman and man
To do all that we can to make this dream come true
Giving all my love to you
All of my heart now to the man that you are
Giving all my love to you
All that I am, giving the best every moment
Making love to you tonight
Making it fine, making it shine
Giving all my love to you
Take me away, let's take it all the way tonight
You and I living life by the light of the flame
That we carry inside, commitment with a plan
Makes it easy to stay, when the years have come and
gone
Taking love all the way with the wonder still to come

Giving all my love to you
All of my heart now to the man that you are
Giving all my love to you
All that I am, giving the best every moment
Making love to you tonight
Making it fine, making it shine
Giving all my love to you
Take me away, let's take it all the way tonight
Giving all my love to you
All of my heart now to the man that you are
Giving all my love to you
All that I am, giving the best every moment
Giving all my love to you
All of my heart now to the man that you are
Giving all my love to you
All that I am, giving the best every moment
Giving all my love to you
