looking into your eyes
i see all i want to be
and i don't want it to end
if i could only put to words
the way i see you
i only know i have an angel with me now

and when i fall asleep you're all that i see
you're in my thoughts and all of my prayers
i wish i could mean all that you mean to me

my angel without wings
my angel

i wish you could see all that you mean to me
but i can never find the words to tell you
and when i fall asleep you're all that i see
you're in my thoughts and all of my prayers

i wish i could mean all that you mean to me
and when i fall asleep you're all that i see
you're in my thoughts and all of my prayers
i wish i could mean all that you mean to me

my angel without wings...
