I feel alive
I wanna feel alive

My eyes are shut, my body is closed
I live my dream in a wonderland
I'm waiting for my time to come
I hope that love will save my soul

I wanna go to extremes
And oh - I wanna break out and scream

I don't wanna wait in the pouring rain
For my life to begin
You can't hold me back cause I need to feel
Alive
I don't give a shit what the people say
So they stare - I don't care
Feel alive, oh baby, come and feel alive

You stand in line, wasting your time
And wonder when life will kick in
On an endless trip, on standby-mode
You're getting sick and cold

But I - I wanna go to extremes
And I - I wanna break out an scream

I don't wanna wait in the pouring rain
For my life to begin
You can't hold me back cause I need to feel
Alive
I don't give a shit what the people say
So they stare - I don't care
Feel alive, oh baby, come and feel alive, oh yeah
I feel alive, oh yeah, I wanna feel alive

Can't wait no longer
Wanna feel alive

Can't wait no longer
Wanna feel alive

Can't wait no longer
Wanna

I feel alive, I feel alive, I wanna feel alive

I don't wanna wait in the pouring rain
For my life to begin
You can't hold me back cause I need to feel
Alive (I feel alive)
I don't give a shit what the people say
So they stare - I don't care (feel alive)
