The first time that I saw your face on a cold December  
night  
It was a Tuesday on a gig with a band that we both  
liked  
The first time that I heard you say your name and I said  
mine  
I fell in love and ever since you've been here on my  
mind

Please don't go, I love you so  
I want to kiss you, I need to kiss you

The weekend's over and I feel the strangest way  
because  
I can't remember my own name but I do remember  
yours  
There are no words in any language for feelings just  
like this  
Will I end up by myself or in the perfect kiss

Please don't go, I love you so  
I want to kiss you, I need to kiss you

Please don't go, I love you so  
I want to kiss you, I need to kiss you

Don't go, don't go  
Don't go, don't go
