I thought so much about you that day
it was a perfect day but I couldn't enjoy it without you
I wish it didn't mean so much when I grabbed you by
the hand
Sometimes I think too much about things
I think I give you too much time
but it feels like I want to give to something back for
everything you mean
to me
I want to give to something back for everything you
mean to me

Jackie Jackie
Spend this winter with me
Oh, Jackie Jackie
I just can't make up your mind
Tonight, tonight we fly
Oh, Jackie Jackie
I still wait by the phone
Oh, Jackie Jackie
I don't wanna be alone
So come along with me tonight

Why do I always end up in situations that are bad for
me?
How come I don't fall in love with normal people?
and why don't normal people fall in love with me?
I don't think I'm that strange
Do you think I'm strange?
I don't intend to
It's just that things very easily get complicated around
me
It's just that things very easily get complicated around
me

Jackie Jackie
Spend this winter with me
Oh, Jackie Jackie
I just can't make up your mind
Tonight, tonight we fly
Oh, Jackie Jackie

I still wait by the phone
Oh, Jackie Jackie
I don't wanna be alone
So come along with me tonight

Hey Jackie, please
Come with me
And you'll see
That my love
Will take you high above, baby

Jackie Jackie
Spend this winter with me
Oh, Jackie Jackie
I just can't make up your mind
Tonight, tonight we fly
Oh, Jackie Jackie
I still wait by the phone
Oh, Jackie Jackie
I don't wanna be alone
So come along with me tonight
