I hear what you say
And I don't disagree
I just can't go on pretending
it doesn't matter to me.

My road was slow every minute
until the day I found you in it
Carelessly I didn't think that you could go,
but you run to, close door.

Oh please don't go I love you, never mind
If you don't think it could ever be your time
'bout the circus thus the fountain watch the sun go
down..
When I am all alone.

I didn't want to show, so ..let it up,
Underneath I can't believe I was so..
I was happy, now you're gone,
I don't even know I have want you,
but I'm pretty sure I never try to
non disparing, non...
I just wonder but you want.

Oh please don't go I love you, never mind
If you don't think it could ever be your time
'bout the circus thus the fountain watch the sun go
down..
When I am all alone.

I'm..watch the sun going down.
And I'm all alone.
