"No Fear"

Visit "[No Fear](#)" on MotoLyrics.com

Everything wrong in this world is rooted in fear
Frustration, failure, betrayal, anger, tragedy, and of
course utter defeat

There is no reason to be surprised
It is only natural that I am the one still standing
There is no fear

There is no reason to be surprised
It is only natural that I am the one still standing
There is no fear

Everything wrong in this world is rooted in fear
Frustration, failure, betrayal, anger, tragedy, and of
course utter defeat

There is no fear
