You cut me deep,
And left me to bleed.
You took me high...
And dragged me low...
And now you're running back to me,
Trying to give me everything...

But you aint even all that.
You aint even all that.
You aint even all that.
You're no good for me.

You aint even all that.
You aint even all that.
You aint even all that.
I'm so over you...
You're Bad News

You tried to take away the air that I breathe.
And now I'm seeing that you are no good for me.
I'm thinking right like I ought to think
I'm on to the next on on to the next one.
And aint no coming back,
You hit the road jack,
And you can't take it back,
So stop coming back.
And I thought I'd feel sad
But now I feel glad.
Losing you wasn't so bad after all.

You aint even all that.
You aint even all that.
You aint even all that.
You're no good for me.

You aint even all that.
You aint even all that.
You aint even all that.
I'm so over you...
