Ahhhhhhh ahhhhhhh  
A light  
I see  
Introduce reality  
Dreams  
I seek so I could feel no pain

Breathing breathing  
I can't hide the truth  
I'd trade my wings for you yeah  
So hell comes and takes me with you

Ahhhhhhh ahhhhhhh  
I break apart  
With pieces on the ground  
I tried to crawl away from all the pain

Breathing breathing  
I can't hide the truth  
I'd trade my wings for you yeah  
So hell comes and takes me  
So hell comes and takes me with you

I break apart  
With pieces on the ground  
I tried to crawl away from all the pain

Breathing breathing  
I am breathing  
Just take it away

I'd trade my wings for you  
So hell comes and takes me with you
