Lucci Lou:

Little nigga in a 2-Door six  
Show my ass as you can see, no shit  
I'm talking straight off the showroom shit  
When you're talking about weight, I'm the nigga they  
get  
By the way, I'm in a six with your chick  
45 on my hip, don't trip or hear this: [Bang]  
I'm talking point-blank bitch  
First you had it on your mind, now you can't think shit  
Yeah Lucci crazy  
Fall up in the spot, all Gucci baby  
Quick to do your lady  
Send her on a date, when she's through she pays me  
Now that's pimpin' dog  
Quick to slap a ho if she piss me off  
Then it's back to the kitchen?  
Wrap them hoes up then I ship them off

Chorus:

Well a little bit of money never hurt nobody  
But if you're trying to take mine, I'mma hurt somebody  
And I'mma ball up until I'm dead and gone  
We don't want no problems, boy you don't want no  
problems

Lil' Wayne:

Uh  
Talk that shit, get your shit fucked up  
Got a bitch who chop dicks and a bitch who cuts nuts,  
which one of these hoes you want? Pimp  
Call my nigga Fee, say he in for the night  
Saw a nigga I was beefin' with at a red light  
On his forehead was a little red light  
Put his ass to sleep, don't let the bed bugs bite  
I'm telling you dog  
AK-47 and all  
Big nuts bitch, medicine balls  
I'm high as shit, I see heaven and all  
And I ain't lying, I'm flying. Pelican yall  
But don't fuck with me, stay celibate dog

Picture this shit: the bitch who you with wanna hop on  
my dick, and never get off  
Never get off  
I mean- I mean even when I tell her "get off"  
Ol' fruity ass nigga  
One head shot, watch your watermelon come off  
Aaaagh  
Young Mula baby!  
Hey Flow, let's race our Bugattis

[Hook]

Bridge:

Hey, now when the hell's money been a problem, I can't  
tell  
Lord knows I ain't never seen a rich man mad as hell  
That's why I'm working all night long til I make my bail  
And I've been on my mail
