Bought my ticket online and it came in the mail today  
Time to hop in the mini van and we'll be on our  
way

'Somebody To Love' on the ipod, I know every word  
I heart u in red letters on my white t-shirt

Gonna be Justin Bieber's girlfriend tonight  
And we're gonna be dancing in the moonlight  
He'll play my song  
Then it's love at first sight  
Gonna be Justin Bieber's girlfriend tonight

18,000 other girls here but he'll be lookin' at me  
I'll hold up a homemade sign will you marry me  
Ready for the lights to go down everybody stomp their feet  
Bass is pumpin' with the rhythm of my own heartbeat

Gonna be Justin Bieber's girlfriend tonight  
And we're gonna be dancing in the moonlight  
He'll play my song  
Then it's love at first sight  
Gonna be Justin Bieber's girlfriend tonight

I'm on cloud 9  
On the long drive home  
I'll lay my head on the pillow and wait to fall asleep  
Pretty soon he'll be kissing me in my dreams

Gonna be Justin Bieber's girlfriend tonight  
And we're gonna be dancing in the moonlight  
He'll play my song  
Then it's love at first sight  
Gonna be Justin Bieber's girlfriend tonight
