All the tears I cried
All the pain I kept inside
I keep asking myself why
You had to say goodbye
Was it just dream
When you said to me
That there is someone new in your life
And I could have at least lied
The truth just scared me.
Chorus:
Even if you mean the whole damn world to me
I can forget you wait and see
I can be strong even without you
I can't waste my life forever hoping you'll
Comeback to me
But deep inside I know
I'll be waiting here for you
(Repeat Chorus)
