

## Salt N Pepa "Hold On"

Visit "[Hold On](#)" on [MotoLyrics.com](http://MotoLyrics.com)

Let's have a little church up in here  
How ya doin'? This is Kirk Franklin  
Sharin' with my sisters Cheryl, Sandi, and De De  
With Sounds of Blackness

Everybody talkin' about keeping it real, huh  
Well, I got the real for ya  
One time for your holy mind  
Come on, hold on, yes

Hold on, don't let go  
(Rock on)  
My God and don't you know  
(Be strong)  
You got the power if you look deep inside  
(The flow y'all)

Just let God be your light  
(Rock on)  
And He'll make it alright  
(Be strong)  
Don't let go, don't let go  
(Keep on, uh, yeah, keep it flowin' y'all)

You struggle through your days, workin' then you out  
If God ain't in charge, that's all it be about  
No doubt, oh yeah, listen to this here  
If he got my back then whom shall I fear

Forgive, forget, the tears and the sorrow  
Keep your head up because there's always tomorrow  
Put the Lord first, be strong, you can't go wrong  
Love is on the way if you just pray and hold on

Hold on, don't let go  
(Rock on)  
My God and don't you know  
(Be strong)  
You got the power if you look deep inside  
(The flow y'all)

Just let God be your light

(Rock on)  
And He'll make it alright  
(Be strong)  
Don't let go, don't let go  
(Keep on, uh, yeah, keep it flowin' y'all)

Met jealous people, prayed I wouldn't make it  
(Tell it)  
But opportunity knocked, I had to take it  
(Ha)  
Never fake it, 'cuz I be down with the King  
He's running everything, like the family  
(So I sing)

When you feel the pressure and you stressed  
(Goin' on)  
Your life is in a mess, this is just a test  
God is with you, so people be strong  
You can take the whole world on  
(Now keep it moving)

Hold on, don't let go  
(Rock on)  
My God and don't you know  
(Be strong)  
You got the power if you look deep inside  
(The flow y'all)

Just let God be your light  
(Rock on)  
And He'll make it alright  
(Be strong)  
Don't let go, don't let go  
(Keep on, uh, yeah, keep it flowin' y'all)

I ain't trippin' over nothin', I count my blessings  
(That's right)  
Studyin' my words, steady tryin' to learn my lesson  
(Uh-huh, yeah)  
There's madness in this world  
Check me out, I ain't stressin'  
(Word)

Knowledge is the key  
Joy and peace, the essence  
(True that)  
Do unto others, don't disrespect your mothers  
Lend a helping hand to your sisters and your brothers  
Trust God, uh, that's all you gotta do  
He'll take care of you, now all praises due

All praises due to the Most High  
(To the Most High)  
To the Most High heed your prayer to the sky  
(You gotta keep your head up to the sky)

So you wanna know why  
Praise the Lord everyday, that's how I get high  
I, uh, just get by  
Can't do me nothin' 'cuz God is on my side

All praises due to the Most High  
(To the Most High)  
To the Most High heed your prayer to the sky  
(You gotta keep your head up to the sky)

Said you gotta keep your head  
I said you gotta keep your head up to the sky  
Oh, come on, have a little church with me, come on

Hold on, don't let go  
(Rock on)  
My God and don't you know  
(Be strong)  
You got the power if you look deep inside  
(The flow y'all)

Just let God be your light  
(Rock on)  
And He'll make it alright  
(Be strong)  
Don't let go, don't let go  
(Keep on, uh, yeah, keep it flowin' y'all)

He brought me through some hard times  
It was mad, rough  
(No doubt)  
I thought I couldn't handle it  
Uh, I had enough

But all praises due to the Most High  
You kept me alive when I could have died  
(Come on)  
My God, I think I got to say, Halleluiah

You still loved me, when I never even knew Ya  
Here's to the Man, clap your hands to the song  
Sounds of Blackness, Salt-N-Pepa say, peace y'all  
And hold on

Hold on, don't let go  
(Rock on)

My God and don't you know  
(Be strong)  
You got the power if you look deep inside  
(The flow y'all)

Just let God be your light  
(Rock on)  
And He'll make it alright  
(Be strong)  
Don't let go, don't let go  
(Keep on, uh, yeah, keep it flowin' y'all)

Hold on, don't let go  
(Rock on)  
My God and don't you know  
(Be strong)  
You got the power if you look deep inside  
(The flow y'all)

Just let God be your light  
(Rock on)  
And He'll make it alright  
(Be strong)  
Don't let go, don't let go  
(Keep on, uh, yeah, keep it flowin' y'all)

Hold on, don't let go  
(Rock on)  
My God and don't you know  
(Be strong)  
You got the power if you look deep inside  
(The flow y'all)

Just let God be your light  
(Rock on)  
And He'll make it alright  
(Be strong)  
Don't let go, don't let go  
(Keep on, uh, yeah, keep it flowin' y'all)
