Due to circumstances beyond anyone's control  
The party is over at twelve o'clock  
So whatever has to be done, has to be done right about  
now  
And I say, Spinderella, are you with me?  
Salt and Pepa, are you with me?

I am down  
To take it or to break it on the mic all night  
'Cuz I'm Salt everybody, yeah, Salt  
I'm the Pepa everybody, the Pepa

Come see the three  
Young ladies in the fellas' fantasies  
'Cuz we will be trend setters to all MC's

Yeah, that's right, Money, this one's for you  
Special dedication to the NYC crew  
We didn't change much as you can see  
And the beats are still hyped up by Hurby

In the house, crowds are packin'  
They're all glad to see us back in step  
Now flip if you oppose it, don't sweat it  
I'm talkin' to those that's with it

This beat is strong not feable  
Worse than Bad Lone Joe, it's evil  
Deeper still when the jam is filled up  
You can feel the tension build up

Waiting for show time  
So we can just throw rhymes  
Back, forth and around to show

I'm down  
To take it or to break it on the mic all night  
'Cuz I'm Salt everybody, yeah, Salt  
That's Salt everybody, yeah, Salt

I'm the source, of course  
Like salad fresh rhymes I'm a toss

Of me and we and on the M I C  
I'm the queen

Of this I am but I'm not just sayin' it  
I'm takin' my time and layin' it down on tracks  
'Cuz my beat smacks, sticks to your ears like wax  
These rhymes are mine not rented

When I say I'm down, I meant it  
According to a scientific breakthrough  
My rhymes are designed to make you  
React with passion to coming attractions

You paid to bathe in non stop action  
Temperature rise, blood starts to boil  
I keep you fresh like aluminum foil

So you won't spoil, melt or harden, see  
Tell 'em, Salt, tell 'em excuse me  
Hey, I just wanted to say

I am down  
To take it or to break it on the mic all night  
I'm the Pepa everybody, the Pepa  
She's the Pepa everybody, the Pepa

Party people if you can throw your hand  
In the air and wave it like a fan  
And I rock till you drop  
'Cuz Pepa everybody is hot

Now here's my credential, here's my background  
To prove I'm the one to make you get down to this  
Not a wish but a fact I'm stating  
The heat is on, there'll be no shading

I know I'm down not out  
And if you are too, then shout  
Stop, okay, now go and listen to the pros  
'Cuz we know how to be down and show

The best around what this comes down to  
I'm sure that you are bound to  
Share my thoughts on how to be down also  
Not a clown around town

So I crack a little smile  
And my gold fronts glow  
Keep my coat open  
So my dope robe shows

I'm down  
To take it or to break it on the mic all night  
Check it out everybody, check it out  
Check it out everybody, check it out

Salt and Pepa everybody's in the house  
Salt and Pepa everybody's in the house  
Check it out everybody, check it out  
Salt and Pepa everybody's in the house
