Baby...

Baby, baby, baby (give it to me)

Oh, yeah (I need it)

Come and get it (I'm ready)

Cuz no one does it better than me (than you, you, you)

Than me, yeah yeah (oh, sugar)

No one does it better than me

No one does it (girl), no one

Yo, Mr. Don Juan, give me everything I need

I'm ready for the world, rub me down, proceed

Treat like the mic then rock me

Let's do it while you hold me in the air - don't drop me

Heavyweight boot-knocker, whatcha wanna do

In the waterbed room, yeah, just me and you?

I got the fever for the nook-nook

So if ya never seen a body like this take a good look

Take a good look, bet that ass'll be hooked

Because I'm better than a good book

She can't match the cat, and when she looks at your
back

She sees Salt in a passion scratch

We go round and round so let me break it down

If she was all that, you wouldn't be here right now

Cuz you know (I know), you know that

No one does it better (bet no one does it like you do)

No one does it better (no one does it), better than I do
(yeah yeah)

No one does it better (no light) (whether they're cute
too) (oh no)

No one does it (yeah), oh baby, no one

Well that's true, that's why you never have no beef

Cuz when the bugle is blown it's all tongue and no teeth

You're gettin' done between the sheets

And I know you don't cheat cuz at home you gets
freaked

And worked out to capacity

A good piece of ass to me, that's all you have to be

I lay ya down to the maximum

And I'm extra in the middle cuz that's where I'm waxin'
him

Honey knows where the flavor's at
Who's cat is all that, who keeps comin' back...

To me, can't stay away
Gotta have it night and day just because
No one does it better (no one does it), better than I do
(no one)
No one does it better (nobody does it like you do)
No one does it better (no one does it to me), better
than I do
No one does it (yeah, oh), oh baby, no one

You're damn right no one does it better than me
Pepa's got ways to keep ya happy
Don't put nothin' past me
If I wanna I do, if I don't then don't ask me
Aim to please the man and freak the man
Twenty-four seven cuz he's the man
Got thrills and frills like a theme park
Before the chill part, you can't have an ill heart
Cuz it's definitely on when I hit the bedroom
That knows zooma-zoom-zoom in his poom-poom
Pep's the body mechanic so don't panic
I'll let ya have it, but love ain't always automatic
I never had a complaint, never said I feel faint
I got the face of a saint, you think I am but I ain't

Cuz you know (I know), you know that
No one does it better (not better than you do)
No one does it better (no one does it), better than I do
(no one does it)
No one does it better (nobody does it like you do)
No one does it (yeah, oh), oh baby, no one

No one does it better (no one), better than I do
No one does it better (is better than you), better than I
do
No one does it better (no one else, nobody is better
than you)
better than I do
No one does it, oh baby, no one
No one does it better...
