Intro:

So what's up now nigga? (boom)

Dmg:

Trapped up inside another bad day  
This fuckin' chronic got me demonic effecting me in a  
bad way  
I'm on some motherfuckin' kill shit  
I got hot flashes of me fuckin' you up nigga this some  
real shit  
I'm on another level total  
Forget decisions I'm full of vengence can't any nigga  
hold me  
Cause only, I can do what no one does it better  
I decapitate niggas wearin' cashmere sweaters  
(let us) get into some shit that niggas know about from  
East to west to north to south no doubt  
Every city got their niggas from they hoods  
And some from my hood I'm a give one up to my hood  
It's the m.p.l.s. yiggy yes y'allin'  
Niggas heard me stomp from houston to saint balling  
Callin' to the ring if you think you can step  
And get your motherfuckin' shirt wet (nigga)

Scarface:

I got a million ways and one that you can die by  
But I prefer to use my gun so you die by  
The penetration of a hydroshock  
And ain't no comin' back from your death when I come  
at you nigga by your  
Block  
It's the return of the maniac  
And I'm residing on the outskirts of life somebody  
bring me back  
I'm goin' crazy in this motherfucka  
I got my pistol out the dresser about to blaze one of  
these motherfuckers  
I gives a fuck about your bad momma  
Cause nigga all I need is a reason to wipe you out  
I don't believe you wanna ride on it  
Cause if you ride then you gon die I'll put the southside

on it  
This ain't no motherfuckin' gag bitch  
Just a nigga about to show your ma dukes and it's  
some sad shit  
Cause when I get down I put the shit down for my whole  
set  
Put my feet down and leave you hoes wet  
I brake these niggas off a proper dollar  
I get the feeling that you wanting my shit so now I gots  
to stop ya  
There ain't no love for my opposition  
Cause they opposition I knock they monkey ass up out  
position

Willie d:

He wanted drama so I gave it to him  
A blood puddle on his way to the ghetto is my rebutter  
The box cutter has his ass beggin' for mercy g  
I flipped that out and gave him open heart surgery  
It ain't no thang to me to kill a motherfucker  
I'll do that shit again if I can watch your mammy suffer  
I've had enough of police I ain't scarred  
The next time I see the boys in blue they gonna be the  
boys in red  
Cause they gonna bleed yes in deed  
Motherfuckers took my weed!  
Give me your mind and I'm a open it  
Name a law and I've already broken it  
Cause I don't give a fuck about the system willie dennis  
Couldn't give a fuck about the people livin' in it  
I know a lot of niggas think that they can get with me  
But don't you flush it down the toliet bring that shit to  
me  
And get your ass tore up from the floor up  
I got some shit that'll make your motherfuckers throw  
up  
When I attack there's no rewindin'  
I hit your ass in the brain with this thang and leave you  
open minded

Willie d talking:

And that ain't even the half. I laugh at the thought of a  
body bag. so all  
You fools that got conflict. y'all can suck my  
motherfuckin' dick!
