Sexy noises turn me on and on
Talk to me and you can't go wrong
I love the sound of your voice when you make love to
me
And you caress my lips with your tongue

(What she said)
Love it when you whisper down my ears
(Ooh baby)
Love it when you breathin' down me face
(Ooh baby)
Love it when you rub down me spine
(Ooh baby)
Love it when we drink white wine
(Ooh baby)

Sexy noises
(Talk to me)
Really turn me on
(Tell it to me baby, tell it to me baby)
Sexy noises
(Talk to me)
Really do turn me on
(Tell it to me baby, tell it to me baby)

Sexy noises
(Talk to me)
Really turn me on
(Tell it to me baby, tell it to me baby)
Sexy noises
(Talk to me)
Really do turn me on
(Tell it to me baby, tell it to me baby)

Now tell me baby
How many hints must I make before you get the picture
That I like it when you talk to me? You say it loud what
you say
Don't shy away, say it to my face, talk sweet to me

Go up and down and go round and do all that
But don't forget that I'm a sister with a thing for the

sound

So make a sexy noise when you're on your way down
Yeah, all the way down

Sexy noises

(Talk to me)

Really turn me on

(I love it when you talk to me)

Sexy noises

(Talk to me)

Really do turn me on

(I love it when you talk to me)

[Incomprehensible]

Do anything you like and do it just how you like it
But when you feel you wanna scream, baby, don't fight
it

'Cuz every time I hear the noise comin' from your lips
You're gonna feel the rotation in my hips

'Cuz it's that sexy noise that moves me
And don't stop the lyrics if you don't wanna lose me
Because I wanna know lover, if I'm doin' it well
But if you don't yell brother, how can I tell?

Sexy noises turn me on and on
Talk to me and you can't go wrong
I love the sound of your voice when you make love to
me
And you caress my lips with your tongue

(What she said)

Now Missy Pepa say she wanna have fun
She comin' down me house and why not by tongue

(What she said)

I love it when she caress me ears with her tongue
Cannot find words to tell her oh, me have fun

(What she said)

So what's up, big man, give it to me right now

Well come and make some noise for me, please, baby,
