I really love the touch me
The way you touch me with your hand

La La La La La La La La La

I wanna know what your drinking
So i can be prepared

La La La La La La La La La

I really like the way your thinking
I like the way you use your head

La La La La La La La La La

I dream about you when im sleeping
I dream about you in my bed

La La La La La La La La La

I really love the way you love me
(I really love the way you love me)
I really love the way you love me
(I really love the way you love me)
I really love the way you love me
(I really love the way you love me)
I really love the way you love me
(I really love the way)

Sometimes i wanna kiss you
Sometimes i wanna lick you
(ooh)

La La La La La La La La La

Well if you tell me what you wanna do
I'll make it hot for you
(ooh)

Girl free your mind and let it go
Then come on me

And then i'll go

La La La La La La La La La

Well if you touch the spot
That makes it hot
You can make me smile a lot

La La La La La La La La La

I really love the way you love me
(I really love the way you love me)
I really love the way you love me
(I really love the way you love me)
I really love the way you love me
(I really love the way you love me)
I really love the way you love me
(I really love the way)

Dang diggy dang da dang da dang diggy diggy
Dang diggy dang da dang da dang diggy diggy dang
(I really love the way you love me baby)
La la
(You love me baby)
La la
(I love the way you touch me)
La la la la
(hold me baby, hold me baby)
La la
(i love the way)
La la
La la la la
La la

I love you, i love you, i love you, i love you
I love you, i love you, i love you, i love you
