If I was somebody other than me oh
Who would I who would I who would I be
These questions are probably a waste of time
When Iâ'm alone, Iâ'm on my on my my own

This place brings out a different part of me oh
So many things I had yet to see
The mountains they shine in a strange way
The planes they shine brighter [?oh well?] everyday

Oh home, my love is so far, my love is so far from me
Oh home, my love is so far, my love is so far from me

If I could catch a ride on the wind, Iâ'd
Soar with the birds, my heart arlamendo
900 miles is a long way to go
And three weeks away will pass before you know

Wish I could have gone with you on that long drive back
it
Didnâ't make sense for me to leave like that
Land between us and the sky above
Listeninâ' to you the way I do ainâ't nothinâ' but love
And soon Iâ'll be standinâ' on solid ground oh
That time wonâ't come until youâ're around

Oh home, my love is so far, my love is so far from me
Oh home, my love is so far, my love is so far from me
Oh home, my love is so far, my love is so far from me
Oh home, my love is so far, my love is so far from me
