Ah she makes me go ah  
She makes me go ah  
She makes me go  
Come on  
Ah she makes me go ah  
She makes me go ah  
She makes me go  
Ven aqui mami

Something about a Friday night  
That makes me want to get excited  
Knowing that the weekend's near  
Just does it to me everytime  
I get fresh cause the girls they like that  
One with me another on deck  
Pull up to the curb  
And put the system up to ten like

Boom  
I love it when the speakers pop like  
Boom  
Got the girls droppin' like it's hot like  
Boom  
Everybody on the floor just sing along with me

Boom  
I love it when the speakers pop like  
Boom  
Got the girls droppin' like it's hot like  
Boom  
Everybody on the floor just sing along with me

We can get it started  
Yes I'm trying to find her  
Looking for the girl  
Who makes my heart go boom  
There is no denying  
If she has what I like then  
I will get the girl who's really got that boom

We got the whole place on lock now

So crunk that we just can't stop now  
So many fly chicks to choose from  
But I think I found the one  
Who can handle what I'm giving  
She knows how to get it, get it  
Breaking it down on me  
From the bottom to the top like

Boom  
I love it when the speakers pop like  
Boom  
Got the girls droppin' like it's hot like  
Boom  
Everybody on the floor just sing along with me

Boom  
I love it when the speakers pop like  
Boom  
Got the girls droppin' like it's hot like  
Boom  
Everybody on the floor just sing along with me

We can get it started  
Yes I'm trying to find her  
Looking for the girl  
Who makes my heart go boom  
There is no denying  
If she has what I like then  
I will get the girl who's really got that boom

We can get it started  
Yes I'm trying to find her  
Looking for the girl  
Who makes my heart go boom  
There is no denying  
If she has what I like then  
I will get the girl who's really got that boom

Boom, she makes me go  
Boom, she makes me go  
Boom, she makes me go  
Sing a long with me  
Come on

Boom, she makes me go  
Boom, she makes me go  
Boom, she makes me go  
Sing a long with me  
Come on

Boom, she makes me go

Boom, she makes me go  
Boom, she makes me go  
Sing a long with me  
Come on

Boom, she makes me go  
Boom, she makes me go  
Boom, she makes me go  
Sing a long with me  
Come on

We can get it started  
Yes I'm trying to find her  
Looking for the girl  
Who makes my heart go boom  
There is no denying  
If she has what I like then  
I will get the girl who's really got that boom
