What if in the morning when I wake up
Even before I fill my coffee cup
I said, "Thank You, thank You"

What if I look that the day and the hours ahead
And before I move forward I bowed my head
I said, "Thank You", oh, I said, "Thank You"

What if I looked at my life in a different way
Took a little more time to stop and pray
I know it will change all the moments in between
So here I go

Thank You for everything
Thank You for loving me
It don't even matter what tomorrow brings
Well, I will sing my

Thank You for sun and rain
For what You give and take away
For all Your goodness, I will always say
Thank You, oh I say thank You

What if I lost everything that I had
I could smile and somehow still be glad
And say thank You, thank You

'Cause life is joy, life is pain
But the prayer of my heart will never change
I say thank You, oh I say thank You

What if I looked at my life in a different way
Took a little more time to stop and pray
I know it will change all the moments in between
So here I go

Thank You for everything
Thank You for loving me
It don't even matter what tomorrow brings
Well, I will sing my

Thank You for sun and rain

For what You give and take away
For all Your goodness, I will always say
Thank You, oh yeah

I will sing my
Thank You for everything
Thank You for loving me
It don't even matter what tomorrow brings
Well, I will sing my

Thank You for sun and rain
For what You give and take away
For all Your goodness, I will always say
For all Your goodness, I will always say
Thank You
