Might have a million dollar mansion  
Swimming pools and movie stars  
Might be the most popular person  
Everybody knows who you are

If all the things you hold  
Become the treasure of your heart  
When the wind starts blowing  
It'll fall like a house of cards  
When it all comes crashing down

When it all comes down  
You gotta have love in it  
Gotta have faith in it  
When the rain's knocking at your door

When it all comes down  
You gotta have love in it  
Gotta have truth in it  
If it's ever gonna stand the storm

When it all comes down  
When it all comes down

We're not promised tomorrow  
All we have is today  
These are precious moments  
Don't let them slip away

By putting all your trust in things  
That are built on sand  
When the wind starts blowing  
Then you'll understand  
When it all comes crashing down

When it all comes down  
You gotta have love in it  
Gotta have faith in it  
When the rain's knocking at your door

When it all comes down  
You gotta have love in it

Gotta have truth in it  
If it's ever gonna stand the storm

When it all comes down

Too many lives get buried  
Living in the temporary

When it comes down  
You gotta have love in it  
Gotta have faith in it  
When the rain's knocking at your door

When it all comes down  
You gotta have love in it  
Gotta have truth in it  
If it's ever gonna stand the storm

When it all comes down  
When it all comes down, yeah, yeah  
When it all comes down  
When it all comes down
