Cheeseburgers for me (cheeseburgers for me)  
Cheeseburgers for me right now  
If I could only have a shake and some  
pie(cheeseburgers for me)  
My life would be so complete

If I go walk for what a treat  
Some onion rings would be so neat  
The fries and shakes that can't be beat  
Give me food I want to eat

Cheeseburgers for me(cheeseburgers for me)  
Cheeseburgers for me right now  
If I could only have a shake and some pie(la la la la)  
My life would so complete

Id be in ....  
The cheese, the pickels, have it your way  
Mayo, mustard, ketchup  
I'm not a princess  
But I know one thing  
If I had my way I would have my Burger King

Cheeseburgers for me (cheeseburgers for me)  
My life would be so complete (cheeseburgers)  
Burgers really are neat (cheeseburgers)  
Every day of the week(cheesebugers,  
cheeseburgers,cheeseburgers)

And don't forget my fries!!
