I can tell there's something you don't wanna tell me
It's killing you 'cause the words are hard to find
But I know you wanna break it to me gently
Well sweet baby say what's on your mind

Let 'Er rip, let it fly
Come on baby, say it, do you think I'm gonna cry
I ain't about to bawl, and I ain't gonna die
So if you're gonna say goodbye, don't take all day and
night
Let 'Er rip, let it fly

Why the drama, we don't have to drag out this situation
It wasn't you, it wasn't me, sometimes the chemistry
don't ignite
There ain't no rings, no mortgage, there ain't any
complications
It's just a hyphenated word, get it out, I'm sure I'll be
alright

Let 'Er rip, let it fly
Come on baby, say it, do you think I'm gonna cry
I ain't about to bawl, and I ain't gonna die
So if you're gonna say goodbye, don't take all day and
night
Let 'Er rip, let it fly

It ain't no big deal, it ain't no great loss
You and I are on the same train of thought
So you don't have to tell me were to get off
Maybe I misunderstood you, If your leaving, baby
would you

Let 'Er rip, let if fly
Com on baby, say it, do you think I'm gonna cry
I ain't about to bawl, and I ain't gonna die
So if you're gonna say goodbye, don't take all day and
night
Let 'Er rip, let it fly

So if your gonna say goodbye, don't take all day and
night

Let 'Er rip, let it fly
