Ain't it good to worship
And adore a risen Lord
Ain't it good to get this praise thing down
So jump around

Ain't it good to be a child of light
It's alright
And I don't care who knows
I'm not afraid, it's okay

When it all comes down
What this world is built upon
It will crumble into dust
It will all be gone

When it all comes down
It's down to me and you
We gotta lift Him up
Lift Him up, testify to the truth

I don't care what they might say
We love Jesus anyway
I don't care what they might say
We love Jesus anyway

I don't care what they might say
We love Jesus anyway
I don't care what they might say
We love Jesus anyway

Ain't it good to worship
And adore a risen Lord
Ain't it good to be a child of light
Yeah, it's alright, ain't it good

Ain't it good to get this praise thing down?
So jump around
I don't care who knows, I'm not afraid
Yeah, it's okay

When it all comes down
What this world is built upon

Crumble into dust, it will all be gone

When it all comes down
It's down to me and you
We gotta lift Him up
Lift Him up, testify to the truth
Testify, testify

I don't care what they might say
We love Jesus anyway
I don't care what they might say
We love Jesus anyway
I don't care what they might say
We love Jesus anyway

When it all comes down
What this world is built upon
It will crumble into dust
It will all be gone

When it all comes down
It's down to me and you
We gotta lift Him up
Lift Him up, testify to the truth

When it all comes down
When it all comes down
When it all comes down
When it all comes down, down
[Incomprehensible]

I don't care what they might say
We love Jesus anyway
I don't care what they might say
We love Jesus anyway

I don't care what they might say
We love Jesus anyway
I don't care what they might say
We love Jesus anyway

I don't care what they might say
We love Jesus anyway
I don't care what they might say
We love Jesus anyway
