"aware"

Visit "[aware](#)" on MotoLyrics.com

even in the little things
that never seem too big to me
and the things i thought didn't matter much at all
as simple as my daily bread to the strength i need to
get out of bed
when i fly, or when i'm bound to fall.
oh it's you, in me, that i fail to see.

make me aware, make me see
that everything i am is not all about me
so take my world, turn it around
so that the obvious can finally be found
make me aware, make me aware

when my life is hanging from a thread
and i think about the things you said
that in this moment seem so far away
help me see the guarantees that first brought me to
believe
so i can make it thru another day
oh it's you, in me, that helps me breathe

make me aware, make me see
i have been missing so much
not recognizing your touch
or acknowledging that your the reason im even here
i have been missing so much
not recognizing your touch
make me aware, make me aware

and help me see, that everything i am is not all about
me
take my world, turn it around so that the obvious can
finally be found
make me aware, make me aware.
