As much as it's been said, the flowers really need the sun  
And the more the rain keeps fallin',  
The river needs somewhere to run  
And as far as I can tell, the whole world needs  
someone to love  
And every heart is looking for something to be enough

So it looks like.

(Chorus)

Everybody needs You, even though we cannot see You  
You're the one who's giving life away  
And You're the only one who has a plan to save the day  
Everybody needs You, everybody needs You

It's really not a secret that we would'nt last too long  
Without the little things that give us what we need to  
carry on  
Some people spend their whole life trying to find the  
place it's coming from  
But man I hope someday they realize there's just one  
place to run

'Cause everybody.

(Chorus)

Everybody needs truth  
Everybody needs His love to set them free  
So with one voice we'll sing

(Chorus)
