Why don't you tell me just how you feel
Because all the things you said never sounded real.
You try to love me because you know it's good.
But good, it's so long it's so misunderstood.

Why don't you listen to a word a say.
You really should, if you want me to stay.
You're into words, silly excuse.
But when you try not push an abuse,

So why should I come with you.
When you treat me this way.
What should I do. (What should I do)

It's an another day.
It's an another abuse.
It's an another day.
It's an another abuse.

Why you always try to twist my words.
You're going back where I'm trying to work.
I'm hanging on, You'll try to keep up.
You'll do you're best, but it's never ever enough.

Why don't you listen to a word a say.
You really should, if you want me to stay.
You're into words, silly excuse.
But when you try not push an abuse,

So why should I come with you.
When you treat me this way.

What should I do,

So why should we come to a truce,
When it's nothing new.

It's an another day.
It's an another abuse.
It's an another day.
It's an another abuse.

Why don't you tell me just how you feel
Because all the things you said never sounded real.
You try to love me because you know it's good.
But good, it's so long it's so misunderstood.

You're acting careless.
You're doing me wrong,
But you still want me to come along.

You're empty words,
You're silly excuses
Such an abuse
Such as excuse

So why should I come with you.
When you treat me this way.
What should I do.

So why should we come to a truce,
When it's nothing new.

It's an another day.
It's an another abuse.
It's an another day.
It's an another abuse.

An another day
An another abuse
It's an another day.
An another day
