I had my doubts
When I first looked at you

I had my doubts
I thought this was too good to be true

There's a storm on the way
Get me out of this place

There's a storm on the way
Get the hell out of this place

Here we go
Down the road we both know

Here we go
Down the road we both know

Don't give up now
"Let me go"
Tell me how
"I don't know"
Shut you mouth
"pull me close"
And we'll be walking down that road

Here we go
Down the road we both know

Here we go
Down the road we both know
