Her love is red hot when she comes undone
Never thought gettin' burned could be so much fun
Always comin' up with something new
Yea, that woman taught me a thing or two
She's on fire
My baby's on fire

We go out driving in my 6.6 yea
Bypass the city head straight for the sticks
Shut off the lights
Turn off the key
No sooner set the brake she jumps on top of me

She's on fire
My baby's on fire
Now let it burn
Ohhh yea
I like it hot

She's on fire
My baby's on fire

No time for friends, no time for rest
Straight home from school, she starts to get undressed
It's five below but it's hot down here
I get so hot every time she comes near

Turned on to love like it's the latest style
I get a response from just a look with a smile
She's like a bomb that's about to explode
Just on touch and she begins to unload

She's on fire
My baby's on fire
She takes me higher
My baby's on fire
She's on fire
My baby's on fire
She's on fire
My baby's on fire
Oh, now let it burn
