There's nothin' wrong with my vision
Yet I can't see to make a good decision
I can hear alright
Except for good advice
If I blow it once, it ain't gonna happen twice
I hate to say it
But I never should have let you go
But now I'm back to let you know
I'm back into you
All the way inside
Back into you
Every inch this time
I'm back into you
'Cause I've played around
But now my aim is true
And it feels so good to be back
I'm back into you
Strange people
Make me a little bit shy
A familiar face
Always catches my eye
Socially
I like to hang out in the comfort zone
'Cause when it comes to love, baby
I got to feel at home
I hate to say it
But I never should have let you go
But now I'm back to let you know
I'm back into you
All the way inside
Back into you
Every inch this time
I'm back into you
'Cause I've played around
But now my aim is true
And it feels so good to be back
Back into you
First time around
I know it was hard on you
Now I'm back

To follow through
Back into you
All the way inside
I'm back into you
Every inch this time
Back into you
'Cause I've played around
But now my aim is true
And it feels so good to be back
I'm back into you

All the way inside
Back into you
Every inch this time
Back into you
All the way
Back into you, baby
Back into you
