I slipped and I fell
You can never tell
She may be waiting around the next corner.
And you may be in you
To fancy perfumes
But when you catch her eyes from the next room.
Falling, falling, falling
Falling in love with you.
Falling, falling, falling,
Falling in love with you.
Falling, falling, falling...
The light in your eyes
Tells me I'm right
The magic in you is touching me.
So hold me tonight
You make everything right
And I won't be ashamed when morning shines light on
our faces.
Falling, falling, falling
Falling in love with you.
Falling, falling, falling,
Falling in love
Falling, falling, falling...
Falling in love
Falling in love
I'm falling in love
Falling in love...
Can't stop thinking about you
I can't live without you
Tell me anything, babe, but, don't tell me I'm wrong.
A fool and his predictions
A wise man's superstitions
Caught into my intuition, I'm falling in love.
Falling, falling, falling, falling, falling.
I slipped and I fell
You can never tell
She may be waiting around the next corner
And you may be in you
To fancy perfumes
But, when you catch that smile from the next room.
Falling, falling, falling

Falling in love with you.
Falling, falling, falling,
Falling in love with you.
Falling, falling, falling
Falling in love, oh, baby.
Falling, falling, falling,
Falling in love with you.
Falling, falling, falling...
Falling in love with you, oh baby.
Falling, falling, falling,
Falling in love with you.
