Another dream, goes up in smoke  
HUH!  
And so, fire me up, another toke  
Yeah, I'm commin' on  
I've got master plans, by the dozens  
A-flashin' thru my brain, when I get buzzin'  
(Whoa) Suddenly, there gone  
Ohhh, the inspiration, runnin' thru your head  
Instant stimulation  
Oh, your runnin' on  
(Whoo)  
You got.....  
HIGH HOPES (grunt)  
And their up in smoke  
Up all night, tweakin' every detail  
The way I've got it, this could never fail  
HEY! This could be the big one  
HIGH HOPES  
Come and go, so high  
But commin' down, fade away and die  
HIGH HOPES  
I got them, more than a dream  
They all get wasted  
(Yeah)  
Ohhh, the inspiration, runnin' thru your head  
Instant stimulation  
Your runnin' on  
OH!  
You got.....HIGH HOPES  
Your livin' on  
HIGH HOPES  
(WHOO!)  
HIGH HOPES  
Oh yeah  
But they're wasted  
Hey  
{guitar solo}  
(Watch it..... grunt)  
(Now listen)  
All that talk, is gettin' nuthin' done  
Ain't it hard to move, when your body's numb

Put it off..... another day  
HIGH HOPES  
Come and goin' so high  
And commin' down, fade away and die  
HIGH HOPES  
They're nuthin' more than a dream  
They all get wasted (yeah)  
Ohhh, the inspiration, runnin' thru your head  
Instant stimulation  
They're givin' you  
OH!..... you got  
Welllll Oh,  
HIGH HOPES  
Your livin' on  
HIGH HOPES  
You got  
HIGH HOPES  
(grunt)  
HIGH HOPES  
AAAAAAH! Yeah  
HIGH HOPES  
Keep livin' on  
HIGH HOPES  
HIGH HOPES  
{to fade}
