I feel this all came really soon
Like leaving the warmth of the womb
Read my thoughts as I'm hanging there
I wonder is this going to take us anywhere

Why doesn't love take us anywhere
It burns so hot then it disappears

And fear doesn't taste like what it used to be
I felt so all alone
Why don't you hold me some
Hold me some, While I bleed
Yeah

Now my body's got some cross to bear
Every cross has somebody hanging there

Everybody's got their bottom line

Oh bring 'em on down
Bring 'em on down
Yeah

Why doesn't love take you anywhere
It burns so hot like on an electric chair

And fear doesn't taste like what it used to be
Anymore

Now my body's got some cross to bear
And every cross has somebody hanging there

Everyone has their bottom line

Oh oh oh oh. Bring 'em on down
Bring 'em on down to me

And I feel so all alone
Why don't you hold me some
Hold me some
